SCHEDULE

ONTARIO DEPARTMENT OF EDUCATION

Utilization of ETVO schedule

The ETVO Monthly Schedule has been designed to provide Ontario schools with a daily listing of all ETVO programs. This monthly publication ensures the flexibility required in extensive television scheduling. Last-minute changes in programming and special features can be brought to the attention of teachers. It is important, then, to check the schedules in the Teachers' Guides against this up-to-date schedule.

This publication is sent out to all teachers in Ontario schools before the first of each month in the school year.

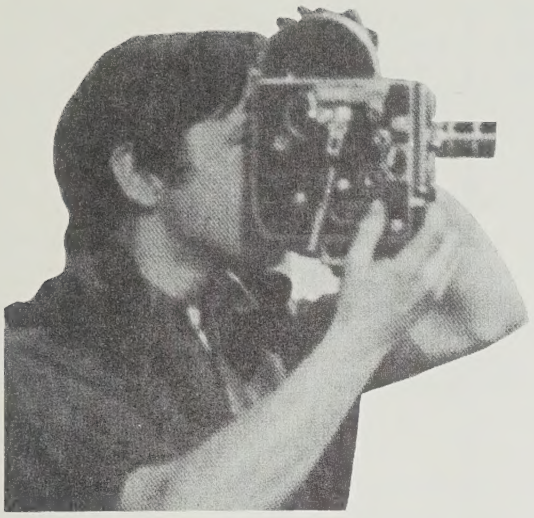
The ETVO Monthly Schedule is organized in the following way:

1. Programs are listed by school divisions (e.g., Primary, Junior, etc.)
2. The series title, program number and individual program titles are given (e.g., BIOLOGY: 1. What is Biology?)
3. TV stations are indicated by call letters, channel number and location (e.g., CKLW [9] Windsor) For detailed channel identification, see page 23.
4. The duration of each program is listed (e.g., 20 min.)

For detailed description of individual series and programs, and for previewing and post-viewing suggestions related to the programs, teachers will find the Teachers' Guides useful. These guides should be ordered through your school principal.

ATTENTION

For identification of Ontario television channels, see page 23.



Creative talent series

PROFESSIONAL DEVELOPMENT
10 programs, 30 minutes each

This ETVO series consists of student productions which have been submitted to the province-wide ETVO Student Production Competition. Three competitions have been held to date, in Regions 4, 5, and 8. The ETVO Monthly Schedules will analyze and describe the various productions. This particular schedule examines the first three programs. The remaining seven programs will be based on entries submitted to Regions 1,2, and 3 by September 30, 1969, and to Regions 6, 7, 9, and 10 by October 30, 1969.

To date, the entries have been produced either as a class project, like the production done by senior girls from H. E. Bondy Public School in Windsor, or as independent efforts by two or three students.

The basic format for each program consists of one or more student productions, together with discussions among the students involved, or with the host, Patrick Kahnert. The quality of the productions submitted has been outstanding, ranging from the sophisticated colour production of "Mirage", done on 16mm film with a split-screen effect, to the black and white 8mm film, "The Beau", with a budget under fifty dollars.

Program 1 consists of two student productions: "Mirage" (the winning entry in Region 8, from C. W. Jefferys Secondary School) and "The Beau" (the runner-up, from Dunbarton High School). "Mirage" took two years to produce and had a larger budget than any other entry. Most of the camera work was done at Expo '67 and the musical score was composed by one of the students. "The Beau" follows the humorous escapades of a not-too-shy young lady, as she chases a young man from school to an exciting and novel ending. The program shows a student viewing committee judging the entries for their region; the host, Patrick Kahnert, discusses each film with the students involved.

Program 2 shows the student production, "The Good Earth", and Patrick Kahnert talks to two of the students from Annandale High School. This was the winning entry from Region 5. It is a unique project: the entire production consists of 35mm colour slides, illustrating the natural and untamed beauty in our environment.

Two student productions from Region 4, "The Spoilers" and "Ashes to Ashes", comprise Program 3. The host discusses several of the problems involved in making "The Spoilers" with some of the girls from H. E. Bondy Public School. Three boys from Catholic Central High School discuss their production, "Ashes to Ashes" (the winning entry in Region 4). The latter film takes a pessimistic look at the contrasts in life and architecture in a modern city and suggests that man's efforts to improve his life are often futile. "The Spoilers" is a documentary on pollution and shows the ways in which this is becoming a destructive force in man's life.

Teachers are encouraged to view these programs with their classes for maximum utilization. Those schools with screen education courses will find the series particularly valuable, but students of all grade levels should find the series interesting.

Please check the posters and bulletins, sent to all schools in the spring of 1969, for more detailed information concerning this series.

ADDITIONAL PROGRAMMING ON CHCH–TV HAMILTON

To accommodate a recent increase in available programming time, CHCH-TV in Hamilton will be presenting three ETVO series, repeated from last year, not available on other channels.

The series are Histoire du Canada, Man and Technology: Industrial Revolution, and Decision-Making in the Group.

A limited number of Teachers' Guides for these series can be made available in the CHCH viewing area to those teachers who request them.

Frontiers

PROFESSIONAL DEVELOPMENT
10 programs, 30 minutes each

The programs in this series will be broadcast at monthly intervals from September to May. Information on Programs 1 and 2 follows below. The remaining eight programs will be described in following Monthly Schedules.

This ETVO series is a journal of educational research, designed to inform teachers of the current investigations and research in the field of education. The people involved are pioneers in their field. They may be teachers experimenting with enrichment programs, school principals trying to create a teaching team, or groups of teachers working with the Ontario Institute for Studies in Education to develop more meaningful curricula. They are deliberately exploring new routes to established goals, and, in some cases, trying to find new goals.

Each of the programs focuses attention on different themes and examines these in depth: innovations, pure research, experiments in applied research, or methods to broaden the curriculum.

Program 1

UP HERE YOU GET TO KNOW A TEACHER REALLY WELL

This program is a pictorial essay which describes a unique experiment in outdoor education. The activities at Parkway Vocational School provide the example. It was built by the Toronto Board of Education to meet the special needs of boys for whom an advanced academic education would not be suitable. It conducts a successful program of academic studies and vocational training, suited to the interests and abilities of its students.

Professor Kirk Wipper from the University of Toronto is the owner of an independent boys' camp in the Haliburton Highlands. Professor Wipper made the camp, its facilities, and its staff available to the school in June, 1968. Seventy-five boys, with staff, visited the camp for one week. Due to the success of the first venture, the staff took a larger group of one hundred and twenty-five boys to the camp in 1969, for two weeks.

This television program describes the 1969 trip. Filming was done at the school and at the camp to illustrate the close relationship between the camp experience and the school program. Academic projects were begun in the school and expanded in the natural setting in Haliburton. Trades learned in Toronto were practised at camp.

The program also illustrates the use of the camp's recreational facilities. City boys participated in outdoor activities and worked with others to develop a new attitude towards the physical environment.

The title for this program is a comment made by one of the boys which describes the subtle change that took place in the relationship between the boys and the teachers during these two weeks. Both remarked that this change would affect the school environment.

Program 2

LIVING AND LEARNING

This program is a thirty-minute version of the Hall-Dennis Special, which will be broadcast on October 8, 1969. It provides a visual presentation of the "Report of the Provincial Committee on Aims and Objectives of Education in the Schools of Ontario". This program illustrates several important points from the report dealing with the student, the teacher, and the curriculum.

Sequences illustrating curriculum proposals were filmed in elementary and secondary schools in Ontario. The program also emphasizes the need for a curriculum that is flexible and adaptable to the interests and abilities of individual students. The roles of the teacher are examined. He plans, with his colleagues, learning programs for his students. The field of special education is briefly examined, as well as the problem of discipline in the classroom.

An interview with Mr. Justice E.M. Hall, co-chairman of the committee, closes the program. In a conversation with two secondary school teachers, he comments on different aspects of the report.

Channel Identification

CBC and Affiliates

The CBC Ontario Network includes the following TV stations:

BARRIE	CKVR-TV	Channel 3
KINGSTON	CKWS-TV	Channel 11
LONDON	CFPL-TV	Channel 10
NORTH BAY	CFCH-TV	Channel 10
PEMBROKE	CHOV-TV	Channel 5
PETERBOROUGH	CHEX-TV	Channel 12
PORT ARTHUR	CKPR-TV	Channel 2
SAULT STE. MARIE	CJIC-TV	Channel 2
SUDBURY	CKSO-TV	Channel 5
TIMMINS	CFCL-TV	Channel 6
WINGHAM	CKNX-TV	Channel 8

Other CBC stations include CBLT (Channel 6, TORONTO), CBOT (Channel 4, OTTAWA) and CKLW (Channel 9, WINDSOR). However these stations are not always carried on the CBC Ontario Network at the times listed for the CBC. Therefore, the ETVO Monthly Schedule lists the times for these stations separately. The times for broadcasts on the independent stations CHCH-TV (Channel 11, HAMILTON) and CJOH-TV (Channel 13, OTTAWA) are also listed separately in the schedule. The broadcasting schedule for CJSS-TV (Channel 8, CORNWALL) is the same as that of CJOH-TV (Channel 13, OTTAWA).

The CBC Ontario FRENCH Network includes the following stations:

OTTAWA	CBOFT	Channel 9
ELLIOT LAKE	CBFST-3	Channel 12
HAMILTON	CHCH	Channel 11
HEARST	CBFOT-2	Channel 7
KAPUSKASING	CBFOT-1	Channel 12
OTTAWA	CJOH	Channel 13
ROUYN-NORANDA	CKRN-TV	Channel 4
STURGEON FALLS	CBFST	Channel 7
SUDBURY	CBFST-1	Channel 13
TIMISKAMING	CBFST-2	Channel 12
TIMMINS	CBFOT	Channel 9

The times for broadcasts of these stations are the same as those listed for CBOFT (Channel 9, OTTAWA), with the exception of CHCH-TV (Channel 11, HAMILTON), CJOH (Channel 13, OTTAWA) and CKLW (Channel 9, WINDSOR), each of which is listed separately in the ETVO Monthly Schedule.
